**A SAD ACCIDENT.**

An American Tourist Accidentally Drowned at Sans Souci.

A most unfortunate accident happened at the famous Waikiki seaside resort, Sans Souci, this morning in the drowning of Mr. E. T. French a young Californian visiting these islands in search of health.

The deceased, who was 26 years old, was an invalid and in care of his grandmother, Mrs. Jennings, had been sent by his friends to the islands and had for the last few days been a guest at Sans Souci.

Shortly after breakfast this morning he took a swimming bath. He was never since seen alive.

The Sans Souci bathing grounds are the finest in the country, but if a bather goes out too far towards the channel leading through the coral reef a strong under tow or current is often encountered.

Mr. French evidently was caught by the current and his strength insufficient to enable him to return or as is probable, was attacked by cramps.

When he was missed a search was made and an employee of Mr. W. G. Irwin eventually found the body, filled with water.

Dr. Woods was immediately summoned only to pronounce life extinct. Consul-General Ellis Millis upon receiving information of the sad occurrence immediately proceeded to the place of the disaster.

Under the auspices of the Consul-General the body of the deceased was brought to town in care of Mr. Ed Williams the undertaker. No inquest will be held.

**CULLEN SURRENDERS.**

The Notorious Outlaw In the Hands of the Police.

The Marshal received this morning a letter from Deputy Sheriff J. H. Coney of Kauai, in which he is informed that Pat Cullen has surrendered to Deputy Sheriff Coney and that he has assisted the police in capturing a native leper and a Japanese criminal, both of whom were in hiding in Kalalau. Cullen also pointed out the burying place of Koolau. The spot was dug up and the body of a man together with a rifle known to have belonged to Koolau were found interred.

Cullen will be brought to Honolulu by Deputy Sheriff Coney, and will arrive here on Sunday morning.

The offense for which he was imprisoned was the manslaughter of a Chinese storekeeper, which took place at Chinese New Year in 1895. Cullen was sentenced to five years' imprisonment, and after serving a year of his time escaped to Kauai, where he, in the valley of Kalalau, has succeeded to evade the vigilance and attacks of the authorities.

The Marshal is highly pleased with the capture of Cullen and the other outlaws, and praises his Deputy Sheriff, John Coney, in flattering terms.

**The Dimond Case.**

The Dimond divorce case was continued yesterday afternoon, when the final evidence of Frances Kiimaka was taken. The next witnesses were Mrs. Annie Roberts and Mrs. Annie Phillips (Riche). This morning the Court opened at 8:30 o'clock and took the evidence of Mr. Harry Lewis, who was called as a witness in rebuttal and who was obliged to leave by the Mauna Loa this morning. The closing evidence of the Riche girl was then heard, and Waikulani was the last witness before noon recess.

At 1:30 p. m. the trial was resumed. All the evidence of the dames being in the attorneys for Mrs. Dimond started on the examination of their male witnesses. Marshal Arthur Brown and Clarence W. Macfarlane were the first witnesses.

A horse attached to a buggy without its occupant started toward yesterday morning from the Dowsett premises out Palama way, and was stopped in time by Officer C. Oponuni at the junction of Liliha and King Streets without any damage being done. Mr. David Dowsett shortly afterward arrived, following in a hack, and relieved the officer of his charge. We understand the officer has been rewarded for attending to his duty.

**Chinese Immigration Notes.**

The Chinese Commercial Agency is compiling a list of all Chinese who have entered the country under Laborers' Permits. Not only will the names of the men be recorded as they appear on the permits, but also their true or family names with such details as will enable them to be readily traced.

Secretary Girvin of the Chinese Bureau is preparing a register of all Chinese who have entered the Hawaiian Islands, or departed therefrom, since the inauguration of the Provisional Government and the establishment of the Republic. The reports received from the Bureau of Customs can at a glance be compared with the figures on record in the Chinese Bureau, and the sex and the conditions under which the persons arrived or departed are clearly enumerated. As soon as this is brought into working order an excellent record for ascertaining the number of Chinese in the country will be on hand.

Wray Taylor's photograph gallery of portraits, enlarged from postage stamp size to life size, has been invaluable in detecting runaway plantation laborers, and been the means of preventing many Chinese from deserting their labor for a pleasanter time in the city. In fact several have been detected through this medium and compelled to return to their contracts.

**READY FOR WAR.**

The sentiment in favor of the Cuban insurgents seems to be growing every day. In Washington the cause of the insurgents is warmly espoused. Yesterday the Cameron resolution, which the morning dispatches reported would probably be introduced into the Senate Monday, was the cause of much comment. According to Secretary of State Olney, this resolution practically means war with Spain. There is no danger or probability that war with Spain will in the least affect the quality of Rainier Beer. No matter what happens Rainier Beer will always be the best. On tap or in bottles at the Criterion Saloon.

**Her Labors Ended.**

Mrs. Milaina Abia died yesterday morning and was buried in the afternoon at the Kawaiahae Cemetery. The deceased, who was 57 years of age, was an old and faithful servant of Queen Liliuokalani, who will be grieved by hearing of the death of her old friend. The deceased belonged to a prominent Hawaiian family, and a number of leading Hawaiian ladies were present at the funeral, at which Rev. H. H. Parker officiated. The remains were interred in the Kawaiahae vault, in Kawaiahae Cemetery.

In addition to the Rainier Seattle beer the Anchor keeps the finest blends of liquors. Notably amongst them are John Dewar's Scotch Whiskey Standard Time, O.P.S., Long Life and Duffy's Malt.

**W. W. DIMOND'S**

Our customers tell us that our novelties are the best that have ever been sold in Honolulu. As a rule kitchen novelties and labor saving tools don't amount to much, ours do.

The quick-cut mincing knife is one that cuts around the corners; being made half round, it is the best for chopping in a bowl. Fifteen cents is the price.

Every housekeeper knows that small bits of soap accumulate in the kitchen until they are thrown away. The kitchen soap shaker, made of wire, enables you to economize in respect to soap.

Half the fun of camping is in being able to flip a flap jack in the pan, but half the hunters and half the cooks don't savey how. We have a cake turner that does flipping automatically. It costs 15 cents for a dollar's worth of satisfaction. It's made on no-wear-out principle.

The Premier egg cup is a novelty that should be in use in every home. It saves scorching the fingers in opening the egg; if saves disappointment in the way of matured eggs being sent to the table, for by its use the age of the egg is ascertained before it leaves the kitchen; it guarantees satisfaction in every way.

We've more novelties than we can write about in one ad. Sink brooms at 15 cents is one of them and World's Fair tooth-picks another. All good for the house. For staples we have:

Handsome candelabra lamps in brass. Royal banquet lamps, wrought iron \$6.10 each. Crystal font street lamps. Brass railroad lamps—excellent for steamer pursers. Wire epergnes for the table. All cheap.
