Which Will You Have?

"Cheap" Crackers or "Our" Crackers?

On one hand you take chances, and there's a very just and well-founded prejudice abroad against cheapness of any sort especially in food products.

On the other hand you have biscuits, which are simply the best crackers that the oldest manufacturers know how to make. They are honestly made from purest ingredients by expert bakers.

This brand has always stood for what is best in crackers and cakes. You are safe with that name. Which will you have?
