Owing to the funeral of Mrs. Cooke the meeting of the Board of Health, which was to be held yesterday afternoon, was postponed.

Occasionally drop into the Cosmopolitan, and sample that cool draught of Pabst Milwaukee beer that the experienced tapsters can give you.

Captain Jacobson has presented some very pretty company badges to the amateurs who assisted the company in the performance of "Under Two Flags."

Mr. John Gillespie has been appointed superintendent of the Mutual Telephone Company. He hails from San Jose, Cal., and arrived here by the Australia.

"Bob" Laing, the manager of the Kohala saloon, recently met with a painful accident. He was thrown from his brake and sustained a fracture of three ribs by the horse kicking him.

The bids for the contract to build the foundation of the new Central Fire Station were opened at noon to-day. The contract has not been awarded yet. E. B. Thomas made the lowest bid.

Arrangements are being made by the Sons of St. George to celebrate the 25th of September. On that day Queen Victoria will be the sovereign who has ruled longer than any other British monarch.

Tom James says that he has accepted a commission as purveyor of eggs for Clarence Macfarlane and he is now gathering in the "gamest" eggs obtainable. Clarence says that he will shortly become an "egg-beater," if not a beater of those talking eggs to him.

Manager Pierre Lucas of the Hawaiian Hotel has arranged a special dinner and a dance to take place on Friday evening. The genial host of our leading hostelry gives the entertainment in token of his birthday and of the outgoing visitors who will leave by the Australia.

In a row of houses at the corner of Queen and South streets, one of them, occupied by a Portuguese, was set on fire this afternoon by children playing with matches. On an alarm of fire the chemical engine was on the scene in a shake, and promptly put out the blaze. Little or no damage done.

Captain Cook, who strongly objects to being called "Pirate Cook," is again in town after several months' absence from Honolulu. To-day the old mariner had his hands full, and according to our reporter's vision, must have had important business on hand. The old sea dog has some scheme on hand, for his personal belongings are packed for a cruise.

At a special meeting of the trustees of the Queen's Hospital, held yesterday, a few amendments to the charter and by-laws were proposed, and will be acted upon a month hence. The proposed amendments were necessitated by the change of government from a monarchy to a republic and are of small importance. Senator Henry Waterhouse was elected a trustee in the place of John T. Waterhouse, deceased.

H. J. Rhodes, who has had charge of the Government nursery, has been dismissed. Mr. David Haugs, the Government forester will temporarily have charge of the nursery. Rhodes is the man who stated before the Good courtmartial that he climbed the fence of palace yard and abstracted a sight from a cannon. He also stated that he was a special officer in the secret service, and a member of Company E, detached on detective duties. He is nothing now.

**Fun at a Wedding**

At a fashionable wedding party recently, just as the happy pair were about to start on their wedding tour the pretty little bride was thanking the clergyman who had made her and her choice one, on which the reverend gentleman, who was an old friend of the family, and a bit of a wag, said, "But, my dear, you have not paid me my fee!"

"What is that?" said the bride. "A kiss. Won't you pay it before you go?"

"Of course I will," she answered, blushing and laughing, and she did.

A severe old missionary maiden, standing by, was terribly shocked at such levity and worse, as she thought it, on the part of the divine, but every one else, the bridegroom included, smiled at the incident. As the old maid, a little later, was about to drive away from the door, she put her head out from the door of the carriage window, and said severely, as the parson, among others, bade her adieu:

"Well, Pastor, how about that ecclesiastical kiss?"

"Not now," answered he, "I will give it you another time. So very public here."

She disappeared, the guests roared, and the parson scored.

**Amicably Settled.**

Thanks to the discretion of Deputy-Marshal Hitchcock, ably assisted by Interpreter Doyle, the Lihue labor trouble has been amicably settled.

The officials returned by the Jas. Makee to day. The dissatisfied Japanese laborers had all gone to work as soon as four of the ring-leaders were arrested. The situation was quite threatening for a while, but the arrest had a wholesome effect on the crowd.

The men who threatened to strike have only been five and six months on the plantation, and there seems to be a constant clash between the lots of men imported by the different immigration companies.

Three of the would-be agitators were released by the plantation from their contracts after taking an oath before a notary public never to return to Kauai. These three men arrived here by the Makee, the plantation paying for their passage.

The trouble is over and Deputy-Marshal Hitchcock is entitled to the thanks of the Lihue plantation and the community generally.

**A Pleasant Surprise**

John Cassidy, who until recently was Superintendent of the Mutual Telephone Company, received last Tuesday a tangible proof of the esteem and good will which he enjoyed among the employees of the Company. A committee from the never sleeping "hello-men," waited on him at his residence and presented him with two excellent hand-somely framed crayon pictures of himself and wife. The following card was attached to the handsome present:

"To Mr. John Cassidy, as a token of esteem, after years of service together, from Charles Crane, Henry Crane, Charles Reves, Jovo Jackson, Kalei Aona, Charles Spencer, Tom Holstein, Charles Cash, M. Johnson, M. Hopkins, John Crowder, Louis Castino, Joe Castino, Ioela Kiakahi, Employees of the Mutual Telephone Company."

**A Narrow Escape.**

When Senator McCandless, his wife and child were driving into town this morning they met with an accident which fortunately had no serious results. Mrs. McCandless who was driving pulled her horse up rather suddenly. Dr. Howard, who was driving closely behind Mrs. McCandless' buggy was unable to turn out of the way and a collision occurred resulting in a wheel being taken off Mrs. McCandless' carriage. The horse fortunately did not bolt and assistance promptly rendered by passers by. Besides getting scared no injury was done to the occupant of the buggy which was promptly sent to the Hawaiian Carriage Manufacturing Company for repair by instructions of the doctor.

**At Rest**

Mrs. Juliette Cooke's funeral took place from the family residence on King Street yesterday afternoon and was largely attended. A choir composed of Miss Richards, Miss Clymer, W. W. Hall and Walter Dillingham sang appropriate hymns at the house and at the grave. Rev. O. H. Gulick made a touching eulogy and Rev. H. H. Parker read the burial service. The interment took place at Kawaiahae Seminary where so many of the first missionaries are buried. The remains of Mother Cooke were carried to the grave by Minister S. M. Damon, Attorney-General W. O. Smith, W. B. Castle, W. W. Hall, A. B. Lyons and F. J. Lowrey. The floral offerings were numerous and very handsome.

**Elsie Adair.**

The performance to-night of the Adair Company at the drill shed, Historic Hall, promises to be even better than first presented. A large number of tickets have been taken but people coming early will be able to secure good seats. Only a few more performances will be given and the chance of seeing the wonderful dancing of Miss Adair should not be lost. Children obliged to spend their summer vacation in sultry Honolulu should make their Pa's and Ma's take them to the drill shed to-night.

**W.W. DIMOND'S**

Even with a super abundance of depreatory bugs the average woman of Honolulu takes a great interest in plants. The taste of many runs to ferns because they are little or no trouble to raise. And there is money in it to persons who wish to raise them for sale. A plant for a quarter will be worth two or three dollars in a year if properly attended to. That's the reason we included Fern pans of Monmouth pottery among our goods.

They are new here and have never been seen before. If you are raising ferns come and look at our window. We've lots of things in there suited to the flower garden or in the house.

In this celebrated Monmouth Pottery we have Stove Jars holding from a half gallon to ten. Then there are Butter Crocks, Fruit Jars, Bean Pots, Stew Pans and Water Pots.

The factory at Monmouth, Illinois, holds the record for the best glazing on stone of any place in the United States. It is their goods we handle. We have from their works small and large flower pots, with saucers, and absolutely perfect. We have other and cheaper flower pots of English and American make.

An inspection may be to your interest.
